

SET PRICE LEVEL

WALKTHROUGH

Access the WebPOS home page (URL <http://www.alliancepos.net>) and click on Headquarter System.

To add a price level, click on New and input all required fields.
Do not forget to tick the Active checkbox.
Click Save once done.

The screenshot shows a web-based form titled "Price Level Detail". At the top left, it displays "CREATED: NLEE@ASH-EES.COM 02/08/2012". Below this, there are four input fields:

- "Price Level ID: * CON" with a red asterisk indicating a required field.
- "Price Level Name: * Contract Price" with a red asterisk indicating a required field.
- "Active:
- "Memo: As defined in Contract"

The form is enclosed in a blue header bar and has a vertical scrollbar on the right side.

Price levels are useful when creating an exclusive sale. For example, you can set a sale promotion that can only be enjoyed by customers that are in the Wholesale price level
